

Query Tools

Go to <http://blink.ucsd.edu/> and you will find many instruction tools you may use to query course or student information, such as course enrollment, course grades, and individual students' academic history.

The screenshot displays the Blink website interface. At the top left is the 'blink' logo. A navigation bar contains several tabs: 'Blink Topics', 'Personal Tools', 'Business Tools', 'Instruction Tools', and 'Research Tools'. The 'Instruction Tools' tab is selected, and a dropdown menu is open, listing various tools such as 'ASSIST', 'Class lists', 'Classroom details', 'Co-Curricular Record', 'View DARS audits', 'eGrades', 'Enrollment/waitlists', 'Find a student', 'General Catalog', 'Majors list', 'Minors list', 'Queries', 'Registration status', 'Schedule of Classes', 'Student Directory', 'Term audit', 'TritonEd', and 'All tools'. Below the navigation bar, there are several content tiles. On the left is an 'IDEAWAVE' campaign tile with the text 'UC SAN DIEGO HAS IDEAS. SHARE YOURS.' and a call to action: 'Campaign ending soon: Log in to IdeaWave and share your ideas for "It Pays to Save!"'. In the center is a tile for 'At the Old Place' with a date range of 'July 5 - 30' and a note: 'At the Old Place special \$20 ticket offer: July 5-12'. To the right is a tile featuring a student's photo and the text 'ations, Class of 2017!'. Below these tiles are three main sections: 'MyBlink' with a 'MyTimeEntry' link, 'Important Dates' with dates 'June 28' and 'Biweekly pay date (PDF)', and 'Popular on Blink' with links for 'Department Directory Listing' and 'A-Z Site Index'. On the far right, there is a green 'Status' box with the text 'Status' and 'ing normally. See status.ucsd.edu for more information.'
