

# Query Tools

Go to <http://blink.ucsd.edu/> and you will find many instruction tools you may use to query course or student information, such as course enrollment, course grades, and individual students' academic history.

The screenshot displays the Blink website interface. At the top left is the 'blink' logo. A navigation bar contains several tabs: 'Blink Topics', 'Personal Tools', 'Business Tools', 'Instruction Tools', and 'Research Tools'. The 'Instruction Tools' tab is selected, and a dropdown menu is open, listing various tools such as 'ASSIST', 'Class lists', 'Classroom details', 'Co-Curricular Record', 'View DARS audits', 'eGrades', 'Enrollment/waitlists', 'Find a student', 'General Catalog', 'Majors list', 'Minors list', 'Queries', 'Registration status', 'Schedule of Classes', 'Student Directory', 'Term audit', 'TritonEd', and 'All tools'. Below the navigation bar, there are several content tiles. On the left is an 'IDEAWAVE' campaign tile with the text 'UC SAN DIEGO HAS IDEAS. SHARE YOURS.' and 'Campaign ending soon: Log in to IdeaWave and share your ideas for "It Pays to Save!"'. In the center is a 'At the Old Place' tile for a play running from July 5-30, with a special \$20 ticket offer. On the right is a 'Status' tile with a green background and the text 'Status' and '...ing normally. See [status.ucsd.edu](http://status.ucsd.edu) for more information.' Below these tiles are three main sections: 'MyBlink' with a 'MyTimeEntry' link, 'Important Dates' with dates 'June 28' and 'Biweekly pay date (PDF)', and 'Popular on Blink' with links for 'Department Directory Listing' and 'A-Z Site Index'.
