

## Student/Course Data Variables

The following data variables from the [Data Warehouse](#) are often used by programs or researchers for their assessment or assessment-related projects:

### Admissions:

- High School GPA
- High School Name
- Applicant type (new freshman vs. transfer)
- First Generation status
- ESL status
- Visa type
- ACT scores (ACT Composite, English, Math, Reading, Science, Writing)
- SAT scores (SAT Math, Reading, Verbal, Writing)
- ELWR status
- AP test scores

### Academic Records:

- Course enrollment
- Course grade
- Attempted units
- Completed units
- Passed units
- GPA (e.g., Accumulative GPA, term GPA)
- Degrees earned
- Academic status
- Class level
- First enrolled term
- College
- Major
- Major department

### Student Contact Information:

- Student Name
- UCSD email address
- Current mailing address

### Highly Restricted Data:

- Ethnicity
- Gender
- Pell eligibility
